### PARASITE POLICY

We make every attempt to keep our facility **parasite free**. To assist in this effort, we require that all pets be on a current (monthly) **flea control protocol**. Upon admission, your pet will be "flea comb" to confirm flea free status (you are welcome to be present for this). **Any pet that is 1) not on a flea control protocol and/or 2) is found to have fleas will be given a Capstar tablet** to kill any fleas present on the pet. This medication lasts for 24 hours. Your pet will also be flea combed on discharge from our facility. **Additionally, all boarding pets must have had a "negative" fecal screen within the last 12 months.**

### MEDICAL EMERGENCIES

We make every attempt to keep your pet as safe and happy as possible during their stay with us. In the event that your pet becomes ill while in our care, we will make every attempt to contact you.
